

GENERAL SERVICE CONFERENCE

2013 NORTH FLORIDA AREA CONFERENCE 2014

The General Service Conference Takes its Inventory - Our Solution in Action

March 2013 Assembly Survey Results

Workshops - The feedback from the surveys of our March 2013 Assembly continued to reflect many positive attributes to our workshops. Just to quote a few: “well-presented”, “educational”, “wonderful” “found my passion”. The overall feeling appears that we are accommodating the needs of the attendee’s in the workshops. There was some confusion that agenda items were being covered rather than regular topics.

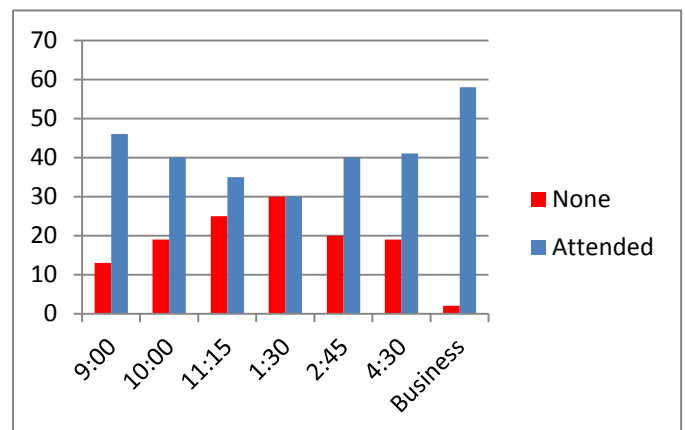

Business Meeting – Time constraints continue to be appreciated by most members, reports were concise and meeting was rated as enthusiastic and friendly. We are still struggling with accessibility needs.

Hotel – The staff at hotel continued to be recognized for friendly, professional service. Everyone liked the restaurants and shopping around hotel. Refrigerators and microwaves are still missed, and there was some dissatisfaction with the meals in hotel restaurant.

Overall Experience – Networking was accomplished. Many felt the encouraging atmosphere and expressed thanks to the host districts. “I learned a lot about the conference coming up and am really beginning to feel like I’m getting the hand of the area assembly and feeling a small part of the greater whole” was stated by one attendee”

While all respondents were predominately positive, we also received suggestions that provide opportunities to improve and will be reviewing these for possible implementation. You may even notice some this weekend. Thanks to everyone who was able to complete a survey. We can only improve with your feedback.

Number of attendees at each time slot:

There were 60 respondents:
