
Favorite Things I heard at Conference

1 message

Sat, May 7, 2022 at 7:23 AM

Hi Everyone,

Here's some of my favorite quotes from the Conference. You'll hear them at my Post Conference Report back sessions, but this is a sneak peek!

If you'd like full details of everything any or all committees--especially yours-- did at the Conference, please let me know and I'll send the full report to you.

Looking forward to seeing you in Orlando.

- "Service is what prayer looks like when it gets off its knees and walks around the world."
- "As a Fellowship, we should be trying to open the door for people in the future—and they may have a different idea of what an invitation looks like."
- "We all want to believe that we are inclusive in our hearts and minds, but can we say we are inclusive in our actions?"
- "When choosing servant leaders, am I choosing those like me, or am I choosing a member who can bring new and diverse ideas to servant leadership in AA?"
- When AA in Poland reached out for more literature recently: *"With all the death we're hearing about from Ukrainian refugees pouring across our borders, we want to try to prevent more death".*
- "AA moves at the speed of trust."
- "Good sobriety is graded by its gentleness."
- "If you have a home group, you are part of the General Service Conference, whether or not you came to the annual GSC meeting in April."
- "You are not here for what is in your head, but for what's in your heart."

Feel free to share any of these. The more they get around, the better!
